

CONGRESS FOR CHURCH UNITY SET FOR DEC. 3

A congress for church unity, called for Dec. 3 to 6, at Philadelphia, and which will be attended by more than 100 delegates from representative Protestant churches all over the United States, will be attended by Bishop Thomas F. Gailor, according to advance notices issued by the Presbyterian New Era Movement's department of publicity. One federal church out of all Protestant denominations is the endeavor of the congress.

The congress is the result of action taken by the Presbyterian church in the U. S. A., through its general assembly at Columbus, Ohio, that "We

do declare and place on record our profound conviction that the time has come for organic church union of the evangelical churches of America." The plan as unanimously adopted by the general assembly of the Presbyterian church carried with it the proposal of an interdenominational council to map out the details.

The various denominations were asked to cooperate and to send delegates to such a council, and the congress called to meet in Philadelphia to formulate a plan of organic church union is the result. The movement had its inception in the efforts made by various Presbyterians to the general assembly, showing, as Dr. J. Wilbur Chapman, chairman, stated, "an earnest desire for church unity growing in power in the hearts of many, and a determined effort put forth to accomplish the same."

Denominations which have already arranged to send delegates follow: Presbyterian, Episcopal, Reformed, United Methodist, United Brethren, North American, Methodist Episcopal, Church, the Disciples of Christ, Evangelical Synod of North America, the Moravian church in America.

GENERAL BUCK IS ASSIGNED TO CAMP M'ARTHUR

Memphis' Foremost Military Citizen Expects to Visit City—Great Ovation Is Planned in His Honor.

Maj.-Gen. Beaumont B. Buck, hero of Cantigny and Berry-le-Sec, whom Memphisans will honor on the occasion of his expected visit to his home city, has been assigned to command Camp McArthur, Tex., near Waco, according to advice received Tuesday morning by The News Scimitar from Dallas.

The message further stated that Maj.-Gen. Buck would leave for Dallas Dec. 9 after spending Thanksgiving day with his parents at Murfreesboro, Ark., and following visits to Nashville and Memphis.

The committee in charge of making plans for the entertainment of this distinguished Memphis soldier had not been able Tuesday morning to get in communication with him, with the result that the date of his coming here is uncertain.

Plan Ovation.

It is known, however, that Memphis is anxious to extend him a genuine ovation and that the date of his visit will be the occasion of a great demonstration in appreciation of the magnificent service he has rendered his country and the signal honors which have been won by him.

Maj.-Gen. Buck will return to his home wearing the distinguished service cross of the United States, the Legion of Honor ribbon and the croix de guerre. The first and last of these decorations were conferred in recognition of gallantry in action. His brigade captured Cantigny, where American forces in France won their first signal victory, and he played an important part in wiping out the St. Mihiel salient, when American soldiers established a record for rapidity and efficiency without parallel in the history of trench warfare. His brigade was also the big smash through the Kremsdörf line northwest of Verdun and in other activities, which convinced the Germans that they did not have, as they had believed, an army that was invincible.

Given Awards.

Memphis' foremost military citizen enjoys the distinction of being the only American general awarded decorations for personal bravery and the most conspicuous display of such bravery was made when, armed with only a riding whip, he led his men through the famous Prussian guards at Berry-le-Sec and inflicted terrible defeat on them. Maj. John B. Wills, his brigade adjutant, was killed by a shell in that terrific battle, and Gen. Buck was knocked to the ground in the same shell. The latter, however, came through his brilliant period of service on the western battle front with no more serious mishap than being gassed.

Committee from the Chamber of Commerce and the Nineteenth Century club are in charge of arrangements for the reception and entertainment of Maj.-Gen. Buck on his arrival in Memphis, and the people of this city will be given an opportunity of hearing him speak on his varied experience on the western front.

MANY BIG CONTRACTS
CANCELED BY PERSHING

TOURS, Nov. 26.—Contracts aggregating \$1,000,000 have been canceled by the American expeditionary forces since the signing of the armistice. In future the American, British and French governments will pool their surplus stocks and will buy through a common purchasing agency.

Forty thousand men engaged in the American supply service will be sent to advanced areas as replacement troops for personnel of occupation. The supply department will continue its routine work as long as necessary.

Post office construction projects, including a deep water dock for 20 ships, terminals, warehouses and railroads have been canceled. Orders for 2,000 locomotives, 61,000 railroad cars and hundreds of cranes, tugs, barges and derricks also have been recalled. The transport program has been reduced materially, while the ordnance department has been cut down by two-thirds. The reduction in the air service has not yet been announced.

RED CROSS WORKERS BUSY WITH BUNDLES

BROWNVILLE, Tenn., Nov. 26. (Sp.)—The committee at Red Cross headquarters which has charge of the Christmas boxes for soldiers overseas has been busy for two weeks wrapping and sending boxes. Mrs. Ruth Hay and Mrs. M. C. Kline have charge of the work and each box is arranged with a great deal of care and touches of Christmas cheer are used in packing them.

Very few labels were received by relatives, so there would have been many boxed bundles of boxes without return addresses from home if it had not been for the thoughtfulness of the committee in charge at general Red Cross headquarters, who supplied extra labels.

MISSISSIPPIAN KILLED.

LAUREL, Miss., Nov. 26.—Lient. Marvin E. Stinson, member of the staff of the Laurel tender and native of this city, was killed Oct. 9 and buried on Hill 262, northwest of Verdun. Information of this came in a letter from Lient. John H. Church, who fought with Stinson in several battles around Verdun and who witnessed the burial of his associate. No confirmation of the death of Stinson has been received by Washington.

LONDON YOUTHS WELCOME INDIAN

Real Princess of Redskins, Over There to Sing to Brothers, Creates Stir

LONDON, Nov. 26. (Correspondence of the Associated Press.)—The Princess Tatiana, a real American red Indian princess, has arrived in London, and all the little boys in the neighborhood of her hotel are tremendously excited. They form an awe-stricken retinue for her whenever she takes a walk, following at a respectful distance with awestruck faces. They found out that she is the daughter of a Cherokee mother and that her father is a member of the Malaguet tribe. Being more familiar, as are their American cousins, with Wild West stories than with European ones, they are fascinated by her. Tatiana is a real princess of the twentieth century. The princess degrades Wild West shows and Wild West movies, which she says, give Europeans an entirely wrong idea of her people.

Her mission to Europe is to sing Indian songs to Indian troops, of whom there are about 20,000 in France, ranging from privates to majors.

Brought up by white people, as the princess of a fine voice which has been well trained, Princess Tatiana is regarded by the British press as an interesting product of twentieth century America. The princess degrades Wild West shows and Wild West movies, which she says, give Europeans an entirely wrong idea of her people.

DEMobilization BEGINS.

LOUISVILLE, Ky., Nov. 26.—Official announcement has been made at Camp Zachary Taylor that demobilization of candidates in the field artillery central officers' training school who have accepted the option of immediate discharge, will begin today. Men who have elected to leave will be sent home from the First, Second, Third, Fourth, Fifth, Sixth, Seventh, Eighth, Ninth and Twenty-first training batteries.

SLAYER IS ACQUITTED.

WASHBURN, Tenn., Nov. 26.—Monroe Guillen, who shot his stepfather, R. B. Bunden, to death Saturday after Bunden had killed his own wife, was acquitted Monday by the coroner's jury on the ground of self-defense. A letter found on Bunden stated that he had killed his wife because she was trying to get his money and marry another man.

RELIABLE METHOD OF HAIR CARE

Hair is by far the most conspicuous thing about us and is probably the most easily damaged by bad or careless treatment. If we are very careful in hair washing, we will have virtually no hair troubles. An especially fine shampoo for this weather, one that brings out all the natural beauty of the hair, that dissolves and entirely removes all dandruff, excess oil and dirt, can easily be used at trifling expense by simply dissolving a teaspoonful of Canthrox in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head. This chemically dissolves all impurities and creates a soothing, cooling lather. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on the glossy richness of natural color, also a fluffiness which makes it seem much heavier than it is. After Canthrox shampoo, arranging the hair is a pleasure.
